# EUREKA SOLUTIONS HELPED GOALS

Enter a league of their own

**Solution:**  
Sage 200, Data Exchange  
& Fixed Assets

sage 200

## About Goals

Goals is a successful and established operator of small sided football clubs across the UK. Established in 2000 and based from an East Kilbride headquarters, Goals now operate 46 FA affiliated clubs across the UK, along with two clubs in the USA, and employ over 700 people.

## Reasons for choosing Eureka Addons / Bespoke Development

Following thorough consultation with Eureka Solutions, Goals opted to implement Sage 200, an integrated business management solution for medium-sized businesses. Sage 200 is the ideal upgrade for companies finding that they have outgrown Sage 50. Given Eureka Solutions' extensive Sage 200 experience and technical expertise, Goals were confident that we would be able to provide a solution to suit their unique requirements.

A powerful system geared to support growth

50% reduction in data entry time

Increased accuracy through automated data transfer

## Business Challenges

- System had become sluggish
- No support for multi-currency transactions
- Disparate internal systems
- Difficulty analysing data

## Results

- A system built for growth
- Support for multi-currency transactions
- Fully integrated purchase order system
- Comprehensive reporting capabilities

"Eureka Solutions had the ability to customise Sage 200 to make it work the way we needed to, and continue to provide us with excellent support to assist our continued business growth."
